ABOUT MYSELF

Detail-oriented professional with expertise in administrative procedures and project coordination, known for strong planning and organizational skills that drive timely and successful project delivery. Proficient in front-end web development, with a focus on creating intuitive, user-centric designs and seamless digital experiences. Skilled in leveraging modern web technologies such as JavaScript, HTML, CSS, Angular, and Socket.io to develop responsive and interactive applications. Passionate about merging technical proficiency with creative problem-solving to deliver impactful results in dynamic environments.

WORK EXPERIENCE

- 09/2020 – 08/2023** United Kingdom
Team Leader Amazon DSP
I led project coordination efforts, ensuring timely delivery of initiatives while reducing staff turnover through an effective motivation strategy. I successfully translated senior management directives into actionable front-line policies, implementing changes with staff to enhance efficiency. Additionally, I investigated issues affecting group operations, prepared detailed reports, and contributed to resolving problems to improve overall performance.
- 10/2024 – 01/2025**
Front-End Developer Intern Informatic M IT
Gained hands-on experience in the IT industry through the Skilbrain course, developing practical skills in [specific areas, e.g., software development, network administration, data analysis]. Contributed to real-world projects, enhancing technical proficiency and problem-solving abilities while applying theoretical knowledge in a professional setting.
